

Laydown Concrete Skips

Skylift Laydown Concrete Skips funneled opening for easy concrete pouring with lever discharge mechanism to control the discharge, can come with two options of lifting methods, lifting arm or two lifting points for extra safety. This type can also come with a steering wheel to enable better control of the concrete discharging. The concrete skip supplied with a flexible hose 3-meter length as well as a pull rope at no additional cost. The discharge gate is made of abrasive high resistance steel to improve its lifetime. Skylift Laydown Concrete Skips designed and manufactured according to the UNI EN 13155, UNI EN ISO 12100, UNI EN 349, UNI ISO 8686 and UNI EN 10204 international standards.
